

BHARATHI KANNAN

Full Stack Developer

 Tambaram, Chennai  +91 9344330425  bbharathikannan2055@gmail.com

 bharathikannanfullstackdeveloper.netlify.app

PROFESSIONAL SUMMARY

MERN Stack Developer with 2.6+ years of hands-on experience designing, developing, and maintaining full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Experienced in building RESTful APIs, implementing JWT authentication, integrating third-party services, and delivering responsive, scalable UIs. Strong understanding of state management, API integration, database design, and real-time application development. Adept at debugging and delivering efficient software solutions

TECHNICAL SKILLS

Frontend : HTML5, CSS3, JavaScript (ES6+), React.js, Redux Toolkit, React Query, Tailwind CSS, Bootstrap 5, Formik & Yup Validation, Responsive Web Design

Backend : Node.js, Express.js, RESTful APIs, JWT Authentication, Socket.io, Middleware Handling, CRUD Operations, API Integration

Database & ORM : MongoDB, Mongoose, MySQL

Tools & Platforms : Git, GitHub, VS Code, Postman, Cloudinary, Netlify, Render

Other : Debugging & Troubleshooting, State Management, Authentication & Authorization, Real-Time Application Development, Version Control, Problem Solving

PROFESSIONAL EXPERIENCE

Full Stack Developer *Oct 2023 - Present*

Competition Team Technology (India) Pvt Ltd (Foxconn)

- Developed scalable full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- Built responsive and reusable frontend components using React.js, Bootstrap, and Tailwind CSS.
- Designed and developed RESTful APIs using Node.js and Express.js.
- Integrated MongoDB database with Mongoose for efficient data handling and schema management.
- Developed CRUD operations for multiple modules and business functionalities.
- Implemented frontend form validation using Formik and Yup.
- Implemented JWT-based user authentication and authorization.
- Used Git and GitHub for version control and project collaboration.
- Optimized API response times and database queries, improving overall application performance
- Integrated third-party services such as Cloudinary for media storage and management

PROJECTS

Real-Time Chat Application

Tech Stack : *React.js, Node.js, Express.js, MongoDB, Socket.io, Clerk Authentication, Tailwind CSS, Hero UI, ImageKit*

- Built a full-stack real-time chat application with instant messaging, secure authentication, online/offline user tracking, and media sharing
- Developed real-time messaging functionality using Socket.io
- Implemented secure user authentication and protected routes using Clerk
- Built a responsive and modern UI using React.js, Tailwind CSS, and Hero UI
- Integrated ImageKit for image and video upload, storage, and optimized media delivery
- Created scalable backend APIs with Express.js and integrated MongoDB via Mongoose ORM
- Built and deployed the application using Docker for containerized and consistent development and production environments.

EDUCATION

B.E./B.Tech, Computer Science and Engineering *2018 – 2022*

Gnanamani College of Technology, Namakkal *7.61 %*

CERTIFICATIONS

Full Stack Web Development Program *2023 – 2024*

Ekeeda Education, Mumbai

- Completed an intensive MERN Stack development course covering MongoDB, Express.js, React.js, and Node.js.
- Gained hands-on experience building real-world projects using industry-standard tools and workflows
- Learned best practices in RESTful API design, authentication, and state management

ADDITIONAL INFORMATION

Languages Known : English, Tamil

Areas of Interest: Full-Stack Web Development, Real-Time Applications, API Design
